

WE SHALL DESTROY THE DARKNESS.  
WE SHALL DESTROY THE EVIL.  
WE SHALL DESTROY THE BEAST.

Hello guys! Wolfbit is our entry for both Ludum Dare 35 AND LowRezJam 2016.  
In the game, the current controls (yes, current) are shown in the upper part of the screen.

From left to right:  
Up, Down, Left, Right.

We are really proud of it as an exercise in atmosphere, experimental mechanics and, most importantly, good ol' awesome teamwork.

Our team:

We will be glad to hear any comments, suggestions, bug reports and cool tips from you guys.
